

To the customers of Sellita

La Chaux-de-Fonds, August 2022

REACH Declaration of conformity

Sellita Watch Co S.A., located at Crêt du Locle 11, CH-2300 La Chaux-de-Fonds, in its capacity as a manufacturer of watch movements and components thereof, hereby declares that it complies with its obligation to inform all its customers when a product delivered contains a substance of very high concern (SVHC) in a concentration exceeding 0.1% by mass according to the European REACH Regulation 1907/2006/EC concerning the Registration, Evaluation and Authorisation of Chemicals.

Sellita declares that it only supplies articles that:

- contain substances registered under REACH;
- do not contain substances listed in Annex XIV of REACH;
- do not contain substances listed in Annex XVII of REACH;
- do not contain substances of very high concern in the ECHA list (published on 10 June 2022);

EXCEPT

- to our knowledge, some items in our movements may be made of alloys containing lead (CAS No. 7439-92-1) with a concentration above 0.1%.
Annex XVII, restriction no. 63, explicitly exempts "internal components of watch timepieces inaccessible to consumers". Under normal conditions of use, these articles do not present a health risk.

Sellita regularly reviews the candidate list and updates of the regulation. Therefore, the compliance of Sellita products with REACH is continuously ensured.

This declaration will be updated according to regulatory developments, the French version available on the website being the authoritative one.
